

The Anglican Church of Luxembourg
Young Adults Group AGM Report 2014 - 2015

I'm sitting on the sofa attempting to multitask while Katarina looks after our two-month-old baby Ingrid. In some ways the arrival of another "YAG baby" could be seen as a measure of the group's success, but it has been matched by a break in any organised meetings. Last year there were meetings earlier in the year and some of our group joined the Lenten group at the vicarage. I have asked around to see if anyone else would be willing to take on organising the group, which has served as a useful introduction to Luxembourg life as well as a way for Christians with similar interests or in similar situations to share their lives. So far there has not been a response. I am happy to be a contact person to try and bring together anyone who would like to revive the group.
