

A call for your help at Harvest time

Following on from previous years, we are collecting in aid of the FMPO* as part of our 2022 Creationtide Harvest Celebration.

What are we collecting?

1- Food

Due to the time it may take to get the items collected to the residents at the different FMPO homes scattered across the country and to prevent waste, we are **collecting only non-perishable food items** that need no refrigeration. That means, **no fresh fruits or vegetables**.

The food items that we collect include:

tea, UHT milk, ground coffee, biscuits, biscottes/toast, sugar, jam, honey (small jars preferably), tinned vegetables and beans/pulses, stock cubes, rice, pasta (normal and gluten free), sachets of powdered/instant soup, small bottles of olive oil, balsamic vinegar and packs of fruit juice (from concentrate).

2 - Toiletries

We would appreciate new, unopened items including:

soap, shampoo, conditioner, toothbrushes, shaving foam/cream, razors, toothpaste, shower gel, moisturizer, feminine hygiene products.

How to get your gifts to us?

Please bring your gifts to the 10:30 am Harvest-Thanksgiving Service in the Konvikt Chapel, 5 avenue Marie-Thérèse, L-2132 on Sunday 25 September. If you are unable to attend the Service, you could drop them off in the Church Office in the Centre Jean XXIII, 52 rue Jules Wilhelm, L-2728 by Friday 23 September. Please email office@anglican.lu or call to check when someone will be in the Office to receive your gifts. If neither of these options is convenient, please email us as it may be possible for you to deliver your gifts to the home of one of our local drop-off contacts.

Thank you in advance for your support!

* The FMPO is the largest charity in Luxembourg, providing help and support to the neediest people in the community. It runs several homes serving as shelters for minors and vulnerable adults - especially women in crisis or very precarious situations. Our past collections have gone mostly to seven such homes.

Our harvest collection will be distributed where it is needed most. For more information, visit their website: <http://fmppo.lu/>
